THE C3PT OPERATING SYSTEM

The five disciplines that make continuous improvement sustainable.

COMMUNICATION	Clarity at every level, so the right people hear the right message and act on it.
COLLABORATION	Breaking the silos so teams solve shared problems together, not in isolation.
CULTURE	The human operating system beneath the data. The nucleus that makes change stick.
PERSEVERANCE	Holding the course under pressure until measurable results are hard-wired.
TRUST	The currency of leadership, earned through consistency and kept through follow-through.
